## OUCE ALUMNI ASSOCIATION

Once the University College of Engineering was declared autonomous the idea of having an Alumni Association, whose membership would include all past students of the College and present or past faculty members of the college, gained momentum. Under the dynamic leadership of the then Principal, Prof. D.C. Reddy the first get-together of the alumni was held on Saturday the 3rd July 1996. After the revival of the Association in 2015 the two subsequent Executive Committees under the leadership of Er. R. V. Rammohan Rao, Er. P. Ram Reddy and Dr. D. Vijay Kumar with the support of Patrons, fellow Members, learned Faculty and Students has set out to fulfill the objectives of the Alumni Association.

The Association works with the Univ. College of Engineering, University Staff, Students and few of the objectives are:

- Enhance the reputation of the University and OUCE in particular & enrich the emotional bondage amongst the students, faculty and alumni.
- Propose and execute special projects: Buildings, technical projects, seminars, conferences, etc.
- Support meritorious & poor / economically backward students financially by floating scholarships.
- Inspire and invoke the spirit of innovation among the students leading to finding technical solutions to the problems of the society leading to Patents to students and the College.

To further the objectives of the Association, the Alumni Association is organizing this first international conference under its aegis.

## UNIVERSITY COLLEGE OF ENGINEERING

The University College of Engineering (UCE) has the distinction of being one of the oldest and the biggest among the Engineering Colleges of the country. Established in the year 1929, eleven years after the formation of Osmania University, it was the 6th Engineering College to be established in the whole of British India.
