

### ABOUT UCE (A), OSMANIA UNIVERSITY

Established in the year 1929, the University College of Engineering (UCE), Osmania University, has the unique distinction of being the sixth oldest engineering institution in the country and successfully celebrated its Platinum Jubilee in 2004. The UCE(A) at present offers M.E. & Ph.D. programmes along with the well renowned UG Programme in six Departments viz., Bio-medical Engineering, Civil Engineering, Computer Science & Engineering, Electronics & Communications Engineering, Electrical & Electronics Engineering and Mechanical Engineering.

The UCE(A) has well qualified faculty with excellent state of the art Laboratory facilities which are put to optimum use in teaching, research and consultancy.

### ABOUT POWERGRID

Power Grid Corporation of India Limited (POWER GRID) is an Enterprise of Government of India dealing with building, operating and maintaining the bulk power transmission of the country. It is also the Central Transmission Utility (CTU) of the country and a Navaratna PSU. Apart from providing transmission system for evacuation of central sector projects & various Independent Power Producers and Grid Strengthening scheme assigned to it, the Company is also responsible for Establishment and Operation of Regional and National Power Grids to facilitate transfer of power within and across the regions.

**Central Vigilance Commission** being the apex integrity institution of the country has been striving to promote transparency, probity and integrity in public life. One of the outreach measures to promote these values in various Central Government offices and public sector undertakings is the observance of Vigilance Awareness Week every year wherein all the stake holders are encouraged to fight corruption.

As a part of this year's activity during Vigilance Awareness Week (31-10-2016 to 5-11-2016), the University College of Engineering (Autonomous), OU is organizing this seminar for the second time in association with Power Grid.

University College of Engineering (A)  
Osmania University, Hyderabad, TS

पावरग्रिड

In Association with  
Power Grid Corporation of India Ltd.  
Southern Region Transmission Systems - I,  
Secunderabad, Telangana State

### ABOUT THE SEMINAR

Corruption is a serious unethical practice that undermines trust and confidence in public officials and public confidence can only be gained by integrity in Governance. Economic and social progress, rule of law, democratic values and a strong civil society are some of the basic prerequisites in building an integrity system to sustain the fight against corruption in society. In order to attain a corruption free society, all stake holders including government, citizens and also the private sector must share the responsibility for creation of awareness of corruption as well as refrain from indulging in unethical acts.

One of the effective ways of combating corruption in public life through public participation in promoting integrity and adoption of technological initiatives, such as e-governance that can mitigate lack of transparency, cumbersome procedures and delays in decision making. Essentially, this seminar is focused to assess the current levels of public participation in promoting integrity and eradicating corruption that have been adopted and to debate on the prospective initiatives that can be taken-up in near future to scale down the menace of corruption in public life.

### OBJECTIVE

This one day seminar is aimed to create awareness on eradicating corruption as well as refrain from indulging in unethical acts.

### RESOURCE PERSONS

Eminent personalities who toiled their lives in combating corruption through technological initiatives and public participation will be invited to share their experiences and to participate in the panel discussion.

### BENEFITS

The ultimate benefit of attending this seminar will be to gain an appraisal of role of public participation in promoting integrity and eradicating corruption. It provides scope for adoption of various relevant initiatives in their respective organizations to fight against corruption.

**Awards** will be presented to the winners of best presentation on the theme in the categories of Faculty members and Students separately.

### PARTICIPANTS

The participants primarily include public servants, faculty members, technologists, students and general public. Exclusive student session will start at 3.00 PM onwards on 03-11-2016.

### REGISTRATION

The program is sponsored by the POWERGRID (no registration fee). Number of participants limited to 150 on first come first serve basis. Only the short listed and invited candidates are allowed to attend. No TA/DA and no accommodation will be provided. Refreshments, working lunch and a participation certificate will be provided.
